CARTER HELPS ON STATEHOOD.

Senator Proposes Vote on Holding Convention.

If It Carries Combining Question Will Be Aided.

Compromise Said to Be Acceptable to Legislators.

(BY THE ASSOCIATED PRESS—P.M.)
WASHINGTON, June 2.—A basis of compromise, if not the exact form, which is said to be acceptable to a majority of the Senators for the settlement of differences on the Statehood question, has been submitted by Senator Carter. This provides for a vote at the next regular Territorial elections of Arizona and New Mexico, to be held in November next, for delegates to a constitutional convention to frame a Constitution for the proposed new State, and vote on the question of Statehood, to be submitted in this form:

"That Arizona and New Mexico be united as one State."

After a majority in each of the Territories votes in favor of joint Statehood, then the delegates to a constitutional convention will be called together. If a majority in either Territory is recorded against Statehood, the convention will not assemble. It eliminates the expense of holding a constitutional convention in the event the decision of either Territory is against Statehood, and avoids the confusion of the Statehood question with an election for State officers.

SENATE ROUTINE.
The Senate today listened to two act speeches, one by Senator Morgan in support of his resolution providing for an investigation by a Senate committee of the affairs of the Isle of Pines, and the other by Senator Hopkins in opposition to the Sea Level Canal bill. Neither measure was acted upon. Some time also was spent on the Sunday Civil Bill, making much headway.

COIN BY EXPRESS.
Under the lead of Mr. Keiser of Ohio the House refused to transport silver coins and other money by registered mail, insisting that their transportation should be handled by the express companies. During the arguments, it was contended that the West and South need silver dollars for circulation.

The conference report on the bill to prohibit aliens from fishing in Alaskan waters was agreed to by the House. Amendments to the bill forbidding the importation, exportation or carriage in interstate commerce of false or spurious stamped articles of gold or silver or their alloys. These bills now go to the President for approval.

SMOOT GETS MAIL COLUMBIA.
WOMEN STORM WHITE HOUSE.
(BY THE ASSOCIATED PRESS—P.M.)
WASHINGTON, June 2.—That Reed Smoot of Utah should no longer be permitted to hold his seat in the United States Senate was the unanimous sentiment of the National League of Women's Organizations declared at a special meeting in this city today, which was presided over by Mrs. Frederick Schorr of Philadelphia, who is also president of the Mothers' Congress.

Resolutions were unanimously adopted reciting among other things that Senator Smoot "fits in the Senate as an apostle of polygamy, the representative of a treacherous organization," and therefore should no longer "remain a member of its body and participate in the making of laws for the moral and patriotic guidance of the women and children of our beloved country."

Later the delegates proceeded to the White House in a body and were received by President Roosevelt.

WASHINGTON, June 2.—The Bureau of Insular Affairs of the War Department has received a cablegram from the Governor-General at Manila, authorizing the payment to the Secretary of War of \$500,000 as a donation from the people of the Philippines to aid the San Francisco relief fund.

Court-martial Records Received.
WASHINGTON, June 2.—The records of the case of Capt. Perry Garrison, commanding the battleship Rhode Island, and of Lieutenant Commander Edward T. Witherspoon, navigating officer of that vessel, have been received at the Navy Department. These two officers were tried by a court-martial of which Rear-Admiral Sigbee was president, on the charge of negligence of duty in connection with the recent grounding of the Rhode Island near the mouth of the York River.

Assigned to Attend Coronation.
WASHINGTON, June 2.—Lieutenant-Commander John H. Gibbons has been designated by the Navy Department to attend the coronation of King Haakon on the 21st inst., as naval attaché to the American Legation and as a representative of the American Navy. He will accompany Minister Graves of Christiania on that occasion. The officer is now naval attaché to the American Legation in London. It was at first intended to send a naval vessel to Norway as a mark of regard to the new King, but it was found that owing to the limited period of time it would not be feasible to do so.

GOV. FOLK WILL PRESIDE.
JEFFERSON CITY (Mo.) June 2.—Gov. Folk tonight telegraphed acceptance of the invitation extended by Harvey Walker of New York to preside at the meeting which will welcome W. J. Bryan when he returns from his trip around the world.

STARVED SAILOR BRINGS SUIT.

Wants \$7500 for Awful Experience on Deserted Barge Off the Florida Keys.

(BY THE ASSOCIATED PRESS—A.M.)

NEW YORK, June 2.—Visions of phantom ships loaded with provisions and sailing to the rescue, and of voices calling from the sea for him to join them while he lay abandoned and suffering from hunger on a deserted barge off the Florida reefs, is a part of the story told by John Munrad, thirty-two years old, a Norwegian sailor, in an affidavit filed yesterday in the United States District Court in a suit for \$7500 damages against the Florida East Coast Railway Company.

Munrad, who was a captain in charge of three empty barges towed from Mobile by the tugboat Dauntless on the way to the extension work of the railway company from Homestead to Key West, was discharged from the Norwegian Hospital in Brooklyn, April 20, where he had been taken on his arrival in this city from Florida.

Munrad charges that he was left for eleven days last January without sufficient food and water, and in constant danger of being swamped, when the little flotilla, of which he was captain, was abandoned. He was dropped fifteen miles from Key West by the Dauntless, as the tug boat was too deep of draught to take her into the shallow waters of the Florida keys.

CASSATT DROPS CLERK GRAFTER.

JOSEPH AIKEN DISCHARGED FOR SHADY WORK.

President of the Pennsylvania Follows Release of Boyer With Later Dismissal—W. G. Spangler, Another Agent, Admits Getting a Rake-off from the Coal Companies.

(BY THE ASSOCIATED PRESS—P.M.)
PHILADELPHIA, June 2.—W. G. Spangler, local agent of the Pennsylvania Railroad at Milton, Pa., was the first witness before the Interstate Commerce Commission today. He testified that in addition to his duties as railroad agent he also acted as sales agent for the Keystone Coal and Coke Company. He received a commission of 2½ cents a ton from the Keystone company.

Joseph Aiken, chief clerk to the superintendent of the Monongahela division of the Pennsylvania Railroad, was dismissed today by direction of President Cassatt.

In his testimony yesterday before the Interstate Commerce Commission, Aiken said that while his salary had averaged between \$30 and \$35 per month he owned nearly \$75,000 worth of coal stock, he admitted having received checks from coal companies and also gifts from company stores.

J. McEllan of Blairsville, Pa., the first witness at the afternoon session who appeared voluntarily, said he came to Philadelphia to vindicate former President Frank Thomson of the Pennsylvania Railroad.

McEllan said that while he was in the employ of the railroad company he had been offered a "bribe" by Capt. Alfred Hacks who was about to organize a mining company. Witness said he wrote to Mr. Thomson asking his advice in the matter and that Thomson had advised him "not to take the stock," that "honor is worth more than all the stock you can acquire."

Mr. Thomson's letter was produced, which was dated June 13, 1924.

Previous witnesses before the committee had testified that Mr. Thomson had accepted of gifts to employees from coal companies.

CASSATT READY TO TALK.
When the Pennsylvania Railroad statement, which was issued yesterday, indicating that President Cassatt was willing to be summoned before the Interstate Commerce Commission, was shown to Commissioners Cockrell and Clements, last night, they were told that it was in April Mr. Cassatt signed his readiness to appear before the commission. His letter was received by the commission but as it was scarcely started upon its investigation under the joint resolution of Congress, it was unable to determine whether or not a statement from Mr. Cassatt would be necessary.

The commission has not yet determined whether or not it will require the testimony of Mr. Cassatt. If the commission should decide to call for his testimony it does not think that for that testimony he will be required to appear. Such testimony should not come until all other evidence had been heard so that Mr. Cassatt and the committee should have the entire question before them and that any statement by Mr. Cassatt should be responsible and cover the entire situation as it may be developed by the examination of subordinate officers and others.

"But there is nothing that stands in the way of Mr. Cassatt making any statement he may desire before the commission," it was pointed out. A statement is called for by invitation or any other way we suppose he would come under the immunity clause."

SLOPE BRIEFS.
Big Increase in Arizona Roads.
PHOENIX, June 2.—The Territorial Board of Equalization today ended its session for fixing railroad valuations in Arizona. The total valuation was fixed at about 20 per cent. on the board's estimate of the commercial valuation. The total valuation for taxation purposes was \$14,443,474.11. Of this sum \$7,617,383 worth of railroads were built under tax exemption laws, leaving \$7,426,090.81 for taxation. The board assessed last year was \$4,726,905.38, so the increase in valuation is over 55 per cent.

Finds Baby Wrapped in Paper.

Pressed for Time, He Resigns.
SAN FRANCISCO, June 2.—H. C. Breeden, secretary of the Pacific Coast Oil Company, an adjunct of the Standard Oil Company, has resigned his position. He has been succeeded by W. S. Reem, general manager of the company. The reason given for Breeden's resignation is that he was pressed for time in the management of a large estate.

SAILORS SEEK TO ARBITRATE.

City Front Federation Will Meet Vessel Owners.

Several Ships Leave San Francisco With Crews.

Suffering Among the Stevedores Is Expected.

(BY THE ASSOCIATED PRESS—P.M.)

SAN FRANCISCO, June 2.—It was announced this evening that a convention from the city stevedores would meet the steamship owners Monday morning in an effort to settle the sailors' strike which has resulted in a general lockout of the entire waterfront by the steamship and shipping men.

Andrew Furuseth, president of the Sailors' Union, had declared that the sailors are in favor of arbitration and are willing to meet the steamship men on a fair basis.

"We learn that the ships that are now leaving with so-called full crews are badly crippled instead," said Furuseth.

"It comes to us from reliable sources that many of these vessels have not even half enough men and that in some instances men and green landsmen are taken on board by the owners."

It was reported tonight that many non-union men were shipped yesterday all along the front. No trouble was experienced, however, and none is looked for. The stevedores are still locked out and much suffering is expected if this continues.

OLD NEGOTIATIONS NETTLE.
The long series of negotiations that preceded the waterfront strike seems to be a bar to compromise between the disaffected sailors and the steamship owners.

The situation remains today as it has been since the outset, except that it has been aggravated by the fact that some of the owners, who have manned their vessels with non-union crews and thereby aggravated the strike.

The situation, however, has not assumed a critical aspect.

GUARDS MOW DOWN MINERS.

CONFLICT IN THE PENNSYLVANIA DISTRICT FATAL.

Procession of Strikers Marches to Meet Official from Pennsylvania and One of Number First Shot into Constabulary Troops, the Assault Being Returned With Deadly Effect.

(BY THE ASSOCIATED PRESS—A.M.)
INDIANA (Pa.) June 2.—The new mining town of Ernest, on the Buffalo, Rochester and Pittsburgh Railroad, five miles from here, was the scene early today of a conflict between a detail of constabulary and striking coal miners, in which three strikers were wounded, three of them fatally.

Shortly after daylight a body of strikers, headed by a brass band, marched from the Anita mines in Jefferson county, to receive one of the mine officers expected from Pennsylvania. On the way to the station the marchers encountered a detail of twelve members of the State constabulary.

As they passed a member of the band fired his revolver at the troops. No one was struck, but the constabulary immediately retaliated with a volley from their rifles, which subsided the wounded miners were removed to Adrian Hospital. As the result of the shooting a mass meeting arranged for later today was called off.

Mr. Whittingham has ordered the arrest of the leaders of the parade. All is now quiet and no more trouble at this time is apprehended.

The mines at Ernest are owned by the Buffalo, Rochester and Pittsburgh Coal and Iron Company. On April 1 a strike was inaugurated and the men have been out ever since. Three weeks ago the plant was started on a non-union basis and a detail of the State constabulary has since been guarding the coal company's property.

OF RAILROADS AND MINERS AGREE.
(BY THE ASSOCIATED PRESS—A.M.)
KANSAS CITY, June 2.—When the southwestern soft coal miners and operators met today to submit to the full conference the agreement on the differences adopted last night, it was reported that the agreement was signed by the country would be declared off during the day.

The mine presidents of the districts of Missouri, Indiana, Tennessee and Arkansas had on May 30 agreed to the proposition offered by the operators, but the Missouri miners held out, fighting for certain small concessions.

It was these differences that John Mitchell, president of the United Mine Workers of America, was called here to clear up, and when the conference closed at midnight last night after fifteen hours of argument, he had succeeded in gaining the concessions from the operators.

The agreement renews the 1903 scale of prices for the period ending March 31, 1908. It affects approximately 22,000 miners in Missouri, Kansas, Indiana, Tennessee and Arkansas. The strike has been in effect since April 1.

MINERS EXPRESS THANKS.
(BY THE ASSOCIATED PRESS—A.M.)
DENVER, June 2.—The Western Federation of Miners today adopted a resolution thanking the various labor unions of the country for the financial assistance given the federation to aid it in the defense of Charles H. Moyer, William D. Haywood and G. A. Pettibone, under arrest in Boise, charged with the assassination of former Gov. Steiensenberg.

PEACE IN INDIANA AGAIN.
(BY THE ASSOCIATED PRESS—P.M.)
TERRE HAUTE (Ind.) June 2.—The strike of the coal miners here practically ended today when the joint committee of operators and miners voted unanimously to adopt the report of the joint scale committee. Work will be resumed at once. The agreement is for two years and embodies the main points in the 1903 agreement, with a few changes in the conditions governing mining.

By Monday, if there is no change in the situation, many mechanics in other trades will be idle.

GREEKS QUIT ROUMANIA.
Sultan of Turkey Causes Open Rupture Between Two Countries by Issuing an Order.

(BY THE ASSOCIATED PRESS—P.M.)
ATHENS, June 2.—The Greek Minister at Bucharest has been ordered to announce the rupture of diplomatic relations with Roumania and all Greek officials have been directed to quit that country. The trouble is due to the fact that the Sultan of Turkey, in May, 1905, issued an order officially recognizing the Roumanians of Kutua Vlach element in Macedonia.

This caused irritation among the Greeks, who boycotted those employing the Roumanian language in church services. The Greek government also complained of the general insecurity of Greece in Roumania, several of whom had been expelled.

As it is not possible for Greeks and Roumanians to attack each other on land or sea, the only damage they can inflict on each other is through an economic war, which may begin next month.

CUBA AFTER NEW TREATY.
HAVANA, June 2.—The attempt of the Cuban administration to modify the amendments to the Anglo-Cuban treaty so as to leave a semblance of the most-favored-nation privileges has failed. Cuba will probably endeavor to negotiate a new treaty not containing the favored-nation features.

NEW YORK, June 2.—Recorder Gifford today denied a motion to dismiss the indictments for alleged grand larceny against the four founders of the Mutual Reserve Life Insurance Company, A. Burrham, president; George Burrham, Jr., vice-president and general counsel; and George Eldridge, vice-president of the Mutual Reserve Life Insurance Company. The motion was made on the ground that illegal and incompetent evidence was submitted to the grand jury. The recorder said there was sufficient competent evidence to sustain the findings of the jury.

An American named Hilkey is reported to be in command of the revolutionary forces in the northern department of San Marcos.

AMENDMENTS SMOTHER ACT.

Constitutional Provision No. 2
Loaded Down.

Both Houses at Sacramento in
Steady Grind.

Work Hard for an Adjourn-
ment This Evening.

(BY THE ASSOCIATED PRESS-P.M.)

SACRAMENTO, June 2.—By general consent and because of a determined effort to bring about final adjournment tomorrow night, both houses of the Legislature have remained in session throughout the day and until a late hour this evening.

It has been a steady grind of legislation, with few distinct features, and at times it has been nearly impossible to retain the interest of the members. In both Senate and Assembly a call of the house was found necessary, and during the evening session of the Assembly, with a quorum barely sufficient to pass appropriation measures, the Speaker had to request the members to keep awake, and Chairman Stanton twice was compelled to plead for a fifteen-minute extension of the session.

In the brief debates on the question of adjournment, the members complained of the fact that they had been busy in committee or general session almost without interruption. They spoke of the long hours imposed upon the clerks and pages.

ASSEMBLY'S HANDS FULL.
The Assembly is divided upon the question of final adjournment tomorrow night. The Senate has adopted the resolution to this effect, and the committee leaders are confident that the business on hand can be cleared up.

In the lower house, however, affairs are not in the same condition, and although the Ways and Means Committee tonight announced its intention of reporting in favor of sine die adjournment, it is not probable that the lower house will be in session on Monday.

Some of the measures earliest introduced are still in committee, or were returned to the house and laid aside for future consideration. In several cases opposition is threatened, and the bill providing a method of disposing of fishing titles to land probably will be the subject of prolonged discussion, as legal representatives of title insurance companies now in Sacramento are opposing the measure, which is ready for final passage, and is to be considered tomorrow morning.

CONSIDERS URGENT MEASURE.
In each house this morning a period of two hours was devoted to routine business. The Senate considered half a dozen bills as urgency measures and the Assembly took action upon nearly thirty measures.

The Senate, having progressed farther in its work than the Assembly, is now endeavoring to provide for adjournment tomorrow evening. Several important subjects are still to be considered in the Assembly, however.

The committee report on constitutional amendment No. 3 this morning presented its report. Twelve amendments to the bill were recommended. The general effect of the more important changes desired authorizes the supervisors to alter, widen or extend streets wherever the same shall be necessary, but it is provided that no franchise of privilege now existing shall be affected or altered in such a manner as to deprive the holder of the same of the right to use the same for the purpose for which it was granted.

RESTORATION BILLS PASSED.
At its session this morning, the Senate finally passed a bill providing for the restoration of the records of corporations where they have been destroyed by fire; also, a bill extending the time for filing insurance statements with the Insurance Commissioner; also, two bills appropriating \$7000 for the purchase of books and continuing expenses of the Attorney General; also, a bill providing for restoring articles of incorporation lost or destroyed by fire.

Railroad's constitutional amendment modifying the mortgage tax law so as to permit the lender and borrower to make a valid contract for the payment of the tax was adopted and sent to the Assembly by special message.

In the Assembly, the morning was devoted to receiving committee reports which cover the most important of the measures now under consideration.

Chairman Stanton of the Ways and Means Committee has decided to urge that an effort be made to adjourn the session tomorrow evening, as provided for by the Senate concurrent resolution adopted yesterday. Members of the Senate were on the Assembly floor this morning to hear the remaining legislation be hastened.

A concurrent resolution introduced by Dorsey, extending the sympathy of the Legislature to the people who suffered and the cities damaged by the recent calamity was adopted.

SENATE PASSES BILLS.
The Senate today passed the following bills:

Providing for the issuance of duplicate certificates in cases where the originals have been lost or destroyed.

Extending the time for filing insurance statements.

Providing for re-issuance of records of corporations lost or destroyed.

Appropriating funds for purchase of law books for the Attorney General.

Providing for contingent expenses of the Attorney General.

Providing for re-issuance of bonds, acknowledgments of indebtedness and other documents lost or destroyed.

Providing for reproduction of records of State Board of Dental Examiners.

At the evening session, the Assembly devoted its time to consideration of appropriation bills already passed.

The House approved several measures carrying amounts for State Institutions damaged or destroyed. The appropriations were as follows:

For home of feeble-minded, \$12,000; for repairs to State Asylum, \$25,000; for repairs to State Asylum, \$25,000; for repairs to State Asylum, \$25,000; for repairs to State Asylum, \$25,000.

CHARTER AMENDMENTS.
The Senate this evening adopted the constitutional amendment permitting the people of San Francisco and San Jose to amend their charters without legislative approval. Senators Munster and Rowell opposed the measure and

WITH GAS SHE ENDS ALL.

Mrs. Nancy Fisk, Sick and Discour-

aged and Apparently Ill-Treated.

Takes Her Life.

Poverty brought on by her husband's

excessive drinking, which it is also said

made him treat her cruelly, and long

continued ill health, are the supposed

reasons for Mrs. Nancy Fisk taking her

life yesterday. At about 5 o'clock last

evening her body, fully dressed, was

found on the bed in her room in the

Paloma Blanca House, No. 772 Maple

Avenue. The door and windows were

lightly closed, and the gas turned on

full.

The Fisks have been at the Paloma

Blanca some time, according to Miss

Katie Courtney, who conducts the

place. Yesterday forenoon Fisk left his

wife, saying he would return in two

hours. He did not appear until 5 o'clock

and it is said he was intoxicated. He

tried the door and found it locked. He

called Katie Courtney and she managed

to get in through a window and un-

locked the door. Then they saw the

corpse.

Mrs. Fisk has cut her left wrist with

a small knife, but the wound was in-

significant. Then in her absolutely

weary and discouraged state of mind,

she decided to die in the easiest possi-

ble way rather than have to live and suf-

fer, so locked the door and windows

and turned both gas jets on full.

From others living in the house it

was learned that Mrs. Fisk has long

been an invalid, and that her husband's

treatment has been anything but kind.

It was even said that the poor woman

was often in need of food and had

practically no attention when she was

confined to her bed.

Fisk claimed last night that his wife

had never attempted suicide before, but

others said that the woman had cut her

wrist on Thursday. When the gash

was noticed, and she was

questioned, Mrs. Fisk had made evasive

answers, but as the wound had been

opened and made deeper yesterday it is

believed she had slashed her wrist in

an effort to end her life Thursday. The

remains were removed to Pierce

Brothers' morgue, where an inquest

will be held.

SALOON-KEEPER ARRESTED.

PRETTY BENEFIT PLAY BY TINY TOTS.

THEY are the fashion one must have a benefit nowadays. So the tiny tots who attended the Little Sunnyside school at 1250 Flower street, by their teacher, Miss Helen, and their friends, gave a lovely little play for the benefit of the Children's Hospital.

It had not been a real live benefit, but as the proceeds were so small, they asked their friends to give a little more, and there were seated the anxious and admiring friends of the tiny tots.

It was a wonderful play, for there were a lot of things, too, very interesting, that were turned into a play, and were very interesting. The play was one of the most interesting of these small men.

While she slept all these gay little things came peeping forth: shyly, then quite boldly, they looked at the king and the jolly Brown. There were rainbow fairies and butterfly fairies and purple wings.

These pretty rainbow creatures sang about the little live child, and sang about the little live child, and sang about the little live child. Just as they were about to run away, they were called back to stay, and not of her, for she loved them so much, and she offered them to stay. They were all so devoted to her that they crowned her with a wreath of marguerites, Queen of the May.

The play was in song, and the tiny tots were all the small artists of the southwestern part of the city. The cast of characters included: The Child, Ruth Hatch; Fairy King, Jack Myrick; as one of the Brownies.

The little folk who took part in the "May Day Dream" given yesterday for the benefit of the Children's Hospital.

and the victory was well-earned by Whelan. Hedderly played a great game against Dick Welcome. The score resulted 21 to 2 for Welcome, but the spectators appreciated his great generalship. "Pink" stood still and waited for Welcome to drop from exhaustion, and had the game lasted a few hours and the score been 100 to 1, "Pink" would have won.

Charley Eytan, the referee, is judging the games, and has no fear of getting stung on bad decisions, occupying as he does, the highest seat in "nigger heaven." The players are locked into the branding pen and the danger is reduced to the minimum.

Amestoy will doubtless be out of the running for the remainder of the tournament, having suffered an injury to one of his hands. A long gash was cut on the back by a piece of glass, and the member cannot be used with precision or force.

The full scores of the day are as follows: Welcome beat Hedderly, 21 to 2; Whelan beat Loomis, 21 to 16; Frank beat Ray Dunnigan, 21 to 11; Frank beat E. A. Parsons, 21 to 2; Gus Hill beat "Pink" Hedderly, 21 to 2; Hall beat S. Mitchell, 21 to 14.

WE KNOW YOUR LUCKY DAY!
(When R. & R. Came to Town)

Naturally, we are pretty well posted on the clothes question—and that's the very reason we refused to let the Silverwood name stand as a guarantee for any of the dozen or so different makes of clothing that was offered us.

Then one day (OUR lucky day as well as YOURS) we discovered Ready and Right—and captured it. We recognized in it EVERYTHING to make us proud of it and glad to sell it to YOU.

Ready to assist you with the selection of a summer suit any time now—"Bottle" Shoulders and "Peg" Trousers, of course. Blues and grays are in order. \$15.00 to \$40.00.

The Farrand-Cecilian Piano

appeals to every one—man, woman or child, young or old, who is fond of music, for EVERYONE CAN PLAY IT, even though they know nothing whatever of music or piano playing.

Those who know HOW can play this piano with the fingers the same as they would any other.

Those who DON'T know how to play a piano CAN PLAY this one by means of the Cecilian Piano Player Mechanism which is built into it.

All that is necessary is to slip in the roll of perforated music, as shown in the cut, put your feet upon the pedals and go ahead. Play any music you want, and whenever you want it.

The technical part is entirely taken care of by the Cecilian Mechanism, yet you can put into your performance just as much feeling and expression as can the most accomplished piano player.

The Farrand Cecilian Piano is a thoroughly high-grade instrument with a wonderfully clear, sweet tone. The case is a plain, yet extremely attractive design, built of mahogany.

The size of the piano is the same as that of any ordinary upright, and yet this splendid DUAL instrument, which will afford continual pleasure to every member of your family, for they all can use it, costs you no more than any good piano without the player attachment.

The Price is \$675.00 and Upwards
(Your old piano taken in exchange at a fair value.)
We will be glad to furnish you with complete information in regard to the piano on request.

INDIANS LIKE OUR BISHOP.

Interesting Mission Work of Episcopalians.

Superintendent Trotter Has Given Up Work.

Bishop Hamilton's Lecture and Other Events.

The closing of the diocesan year has brought to light large figures in connection with the mission work of the Episcopal Church. The children of the Episcopal Sunday-schools of the Los Angeles diocese were invited to make a special offering for the benefit of the Indian children of the diocese, both foreign and domestic, who are under the care of the Episcopal Church. It was thought they had done well. The mission contributions of the entire church were in proportion to the year these Sunday-school offerings reached the sum of

thirty-seven hundred persons have professed conversion in the mission, and over one hundred of these men and women are now members of various churches in the city.

After Mr. Trotter and his wife had been here about a year they met with a bereavement that touched the heart of the community. It will be recalled

that their little daughter lost her life through a street car accident, and those who know Mr. Trotter well, feel that he never fully recovered from the shock. He has taken a respite from work several times since, but has failed to come back to himself.

He has now determined to let go for at least a year, and will either go into some small business at the beach or take up the cultivation of a small patch of ground somewhere in the foothill district. Either of these occupations will give him a complete rest and the change that his mind as well as his body demands.

For fifteen years he has been steadily in the harness, doing mission work in Grand Rapids, St. Louis, Chicago and finally in Los Angeles, having been brought here from Chicago especially to take up the work of the Union Rescue Mission, at the time of his arrival known as the "Pacific Gospel Union."

His resignation is to take effect on July 1, and a successor will be chosen to fill his place at the meeting of the board on next Tuesday. If a suitable man can be found.

FOR BURNED CHURCHES. BISHOP HAMILTON'S LECTURE. Bishop Hamilton of the Methodist Church, who is journeying with his family at Long Beach, will deliver a lecture in Simpson Auditorium, this city, on Monday night, for the benefit of the Methodist churches that were destroyed in the San Francisco disaster. His subject will be: "Some Men of Quality in Boston."

Bishop Hamilton is a fascinating speaker and is so well known in this city that no commendation is needed to fill the great auditorium with interested hearers. The cause is one that appeals to people generally outside of the Methodist Church as well as in it, and the subject suggests attractions for all.

BURDETTE'S DOINGS. TEMPLE BAPTIST CHURCH. Prof. B. P. Stout and his wife, old friends of Rev. Robert J. Burdette, are visiting in Los Angeles, en route to their next field of evangelistic work, in Fort Worth, Tex., and are assisting in the services of the Temple. Prof. Stout is known throughout the land as the most successful "Singing Evangelist."

"Christenings" are not common among Baptist churches, but the pastor of the Temple says he does not believe in treating Baptist babies like little pagans until they are 10 or 12 years old. During the week two "name services" were held at the home of members of the Temple Church—Mr. and Mrs. George E. Reid, No. 1223 Arapahoe street, and Mr. and Mrs. Harry H. Baskerville, No. 1479 East Twenty-first. The service, conducted by Mr. Burdette, was very simple; a brief scripture, a charge to the parents, and the prayer of consecration. A few friends were invited in both instances, and little Francis Carol Reid and Elizabeth Florence Baskerville

A WHIRLWIND OF PANAMAS

Lowman Cuts Prices at the Beginning of the Season

Owing to the dull, cold weather of this Spring, Panamas have not been moving fast enough, but now that things have warmed up, we've simply got to make them whirl, and will give every man a chance to buy a swell Panama for several dollars less than usual.

Entire Stock Goes on Sale This Morning at Two Prices

Panamas worth \$6.00, \$7.00 and \$7.50 will be offered at **\$4.90** \$10, \$12, \$15 and even better grades of Panamas sacrificed at **\$7.90**

Cutting prices like this would be unreasonable and unwarranted under ordinary circumstances, but we imported a tremendous stock in anticipation of a warm season, and they've got to be sold, profit or no profit. If you miss this sale you miss the best opportunity you ever had to buy a Panama. No old stock or undesirable styles, all new, imported this season.
